Subject: AWV Earthquake and South End costs

Mike/Gordon,

This is in response to EnviroIssues' request on how much the animations cost.

Here's how the numbers add up:

- 1- Earthquake simulation: 80k
- 2- Earthquake simulation extended versions (technical and non-technical): 20k
- 3- South End animation w/ multiple revisions: 62k

If you need to double check or look more in detail let me know, I have the detailed expenditure reports with the above tasks highlighted.

Thanks,

Jay
