Lee,

One additional comment on deviation 1 and 2.

I want assurances that inlets are numerous and closely spaced enough that water will not enter the lanes during the design storm event.

Thanks,

Ed

All,

Attached are HQ design's comments on these deviations.

Apologies for being late.

Ed

Hi Ed,

I've reviewed Deviations #1/#2 and #3, and have made my comments to the Word doc files. Please review and if you have any questions call me before Thursday.

**Importance:** High

I've attached the Access Control deviation for this project. Please make your comments within the attached word document, and return to me no later than Thursday, May 21st.

Thank you,
