

The Alaskan Way Viaduct & Seawall Replacement Project

Memorandum

Date: January 2, 2007

Subject: Addendums to the Environmental Permits and Approvals Guide

The Environmental Permits and Approvals Guide (Permit Guide) for the Alaskan Way Viaduct and Seawall Replacement Project (AWVSRP) was originally published in April of 2006. In order to capture ongoing changes in project information and the understanding of permit processes, the following addendum are hereby incorporated as a portion of the Permit Guide.

Addendum 1: Contains updated or expanded information regarding the following permit processes; Landmark Building Approval, Survey Monument Removal Approval, Traffic Signal Approval, Underground Injection Control Rule Authorization.
