Subject: Assistance from Jacobs on Task # CL-Bored Tunnel RFQ-RFP
Attachments: 589321lkon550375.pdf

Jeff,

Could you please review the attached list entitled [Early Action Items for Bored Tunnel RFQ/RFP](#)? PB has an immediate need for Jim Schettler to assist us with item "1." pertaining to selection of firms for a Building Condition Survey Program. (The survey program, to help assess settlement impacts, will be a separate contract.) Jim's early action work would be under PB's Task # [CL](#).

If Jacobs is amenable, PB would have Jim start this week. PB has a list of candidate firms for the settlement-impacts work, and we have WSDOT's written LNTP under Task CL to start the selection process. We are prepared to send written LNTP to Jacobs for Jim's work. If you could let us know when Jim is available, I would appreciate it.
