Ron,

Thanks for all your work on the viaduct. I commend you and the Governor for your recommendation on the tunnel. Please find the attached letter conveying my thanks to the Governor, as well as requesting further study on improving access to the tunnel for northwest Seattle communities such as Ballard, Magnolia, and Interbay. Thanks for considering, and thanks again for everything.

Ron,

Please find the attached copy of a letter I just faxed to Governor Gregoire, urging inclusion of a bored bypass tunnel, with surface and transit improvements, among her viaduct recommendations for further environmental review and design. Thanks for considering!
