Gordon,

Mike Rigsby mentioned to me that you do still need some information to back-up your documentation for the Bored Tunnel Scenario.

Attached you will find the "hard dollar" costs that are included in the \$1.9B Program Cost Estimate for the Bored Tunnel.
The \$45M allowance for the bridges over the open portion of the north portal represent \$15M/each for bridges at Harrison, Thomas, and John. Obviously as the configuration for the North Portal evolves we will need to examine this allowance and adjust accordingly.

Let me know if you have any questions.

Best Regards,

Mike Morrison
