Subject: Stakeholder advisory group: North Portal Deep Bore Tunnel

Dear Ron,

I received a call from Ron Posthuma about serving on new stakeholder advisory group for the north portal area of the AWVR. I'm glad to serve. But I haven't heard about any meetings or the need for information or feedback from me.

Let me know when and where the new stakeholder group will meet. I'm supportive of the tunnel concept and of what I've heard about the design now in progress.

Best regards, John Coney, Co-Pres. Uptown Alliance 206/283-2049
