Per your discussion with John Reilly, I hope you can join us next Wednesday at 1:00 in John's office.

See you then.

John et al,

Let's plan on 1pm next Wednesday , we'll send out the invite by tomorrow, and we'll work up the agenda and get it out in advance.

John

John,

Just left you a voice mail but yes next Wednesday would work for me. Gordon is shuffling a few things but it should work for him also. So we would suggest about 1.00 pm on Wed 14. If this doesn't for you let me know and we'll try something else.

Regards

John

Subject: AWV bored tunnel strategies & resources

Greetings,

In light of the potential for an impending central waterfront viaduct decision, and the increasing likelihood of a single bore tunnel program, I am hoping that we might be able to find some time to sit down next week and review with you in-progress delivery strategies, and the most critical and time sensitive program development elements we will be looking for your support on.

I hear that you will both be in town next week, and that Wed the 14th might be a good target. Please confirm your availability so that we can arrange some time together. I'd suggest 90 mins or 2 hours to allow us to sort out and try to assemble all the pieces of the puzzle.

Thanks,

John

John H. White, P.E.
