Chris,

[I didn't see any red flags. One thing you might clarify is on your "Bored Tunnel Legislation" slide - it says House Transportation Committee - March 18th. You may want to clarify that that is a public hearing \(as opposed to a vote\). Just a thought.](#)

We are presenting tomorrow at the KC COW- I am attaching the ppt. Please let me know if you see any red flags in the next few hours. Sorry for the late review. I stole most of the slides and it is quite brief. <<AWV KCCOW4.pdf>>
