**Subject:** Your call re: bored tunnel study

Hi Ron!

Thanks for your call Monday morning, but yes the info came a little late ;- ) I did the story for the bored tunnel for Monday morning. I would like to follow up with you today or tommorrow though, re your comments. Would like to get them on tape, and do an update for this week, possibly Friday.

Thanks for following up. I will try giving you a call later this morning.

Best,  
Jamala
