Subject: Bored Tunnel approved in House Transportation Committee!

YOU DID IT!

Dear Bored Tunnel Hybrid supporter,

You did it! House Transportation Committee members received dozens of calls and emails from all over the state in support of the Bored Tunnel Hybrid solution to replace the Alaskan Way Viaduct, and yesterday afternoon they approved ESSB 5768, the Bored Tunnel bill, in a vote of 17 to 11. This is a great accomplishment, and this success would not have been possible without your efforts.

It's not over yet--there's still a big vote in the House--but now it's important to take a few seconds to thank your Representatives for supporting this bill. For your convenience, we've provided the email addresses below for the legislators who voted Yes. Individualized notes would be better received so we are not providing any proposed text--just a brief thank you will suffice.
