Excellent Eric,

We should be able to put together a brief on the SR 99 ITS project North of Denny Way. I think that is what the Aurora Avenue Merchants really are interested in.

I will get the team started. Nothing fancy, but some drawings describing the work and a schedule. How soon do you need the information to put together a hand out?

Paul

Paul,

I added John White to this briefing, so he can assist with questions regarding the Battery Street Tunnel. We're scheduling a number of community briefings regarding the bored tunnel recommendation, and we wanted to take advantage of this already scheduled briefing for Aurora Avenue merchants.

I will set up a prep meeting sometime next week so we can discuss further.

Hi Eric,

I am not sure I will know what to tell them until some decisions are made. We should probably keep Matt and Theresa and Alec in the loop on this, and have a meeting first to discuss what we will present.
