That sounds great! Thanks for getting it re-scheduled. I spoke with Theresa Greco on the phone Friday morning, and she expressed interest in stopping by as well. I can call her office and let her know the time, unless it would be easier for someone over there to do so.

Thanks again.
-Emma

[Emma: Thanks for being so flexible! It looks like Tuesday is shaping up to be the better day. Am going to send you and invite for 3PM Tuesday the 17th...](#)

Thanks!

Karen,

That's no problem. I am available all day on Monday, if that works. I can also be in town on Tuesday if that works better. Let me know!

Thanks for the heads up!

Emma: I'm afraid Alec is ill and won't be able to keep your appointment tomorrow. When would be a good time to reschedule for you? (I know that your're coming in from Winachee)

Thanks!

Alec,

I have attached my resume for you. See you tomorrow at 3.

Ms. Lance,

It was nice speaking with you over the phone a few minutes ago. I understand you are interested in transferring to a Seattle area office and you are interested in the Alaskan Way Viaduct Replacement project. I am the engineering manager for the central waterfront section of the AWW project and am looking to staff up our state forces design office as we begin work on the bored tunnel project over the next few months.

As per our discussion, I would like to meet with you this Friday at 3:00 pm at our project office. The office is located at the Wells Fargo Building on 3rd Ave and between Marion and Madison Streets. Our address is 999 3rd Ave, and my office is on the 23rd floor. Please note that due to the hiring freeze, we cannot make any hiring decisions until approved by the Regional Administrators of both regions. If possible, please e-mail me a resume and letter of interest prior to your visit. I look forward to meeting with you!

Alec Williamson, PE
