Subject: FW: Draft Civil Design Criteria- Bored Tunnel Conceptual Engineering
Follow Up Flag: Follow up
Flag Status: Red
Attachments: AWV Comment Review and Disposition Form.xls

The tunnel design criteria document was sent out in hard copy. I asked Diane Adams (who is filling in for Rudy while he on vacation) to send me an electronic copy, which I will send to you as soon as I get it.

Hello,

Attached is the comment review form for the subject deliverable. Please use this form for your review.

The transmittal letter that was attached with this document stated comments were due on March 23, 2009 with a comment resolution meeting on March 25, 2009. Please disregard those dates. The due date for comments and the comment resolution meeting date is being being re-scheduled.

I will update you on the due date for comments next week.

Thanks,

Rudy Lemus
