Alec and Rick,

At our last meeting, Alec wondered if it would be a good idea to get Ali involved in our discussion with Mike and John. Ali has provided me feedback over the past few months regarding the policy and the street use permit process. Originally, I thought that would be sufficient. After talking with him today, I thought he could bring good experience to the discussion with Mike and John. I invited him to our meeting on Thursday - let me know if you have any concerns with this.
