**Subject:** Follow Up from Today's HTC Meeting

Greetings, Gentlemen!

Thanks again for your presentations at today's HTC meeting and, more importantly, your answers to so many of the representatives' questions! Here is my list of follow-up items for you:

- For Rep. Upthegrove -- Provide detailed breakdown of item #6 of the moving forward projects (transit enhancements & other improvements).
- For Rep. Dickerson -- Provide data regarding the overruns that occurred on other comparable projects.
- For Rep. Wallace -- Provide alternative approaches for sharing the cost of overruns (i.e. provide an alternative to the proposal whereby the state assumes full responsibility for any cost increases on the bored tunnel).
- For Rep. Armstrong -- Meet with Representative Armstrong.

Please cc me on any information sent so that I can forward to other members if requested.

By the way, I'm still looking forward to receiving the information on the tunnel operating costs.

Your time and efforts in this regard are very much appreciated.
