Alec

I have HMM comments for Systems; and will have comments on structures Wed April 1st. I expect comments on Civil at the end of this week.

we need to set realistic dates for WSDOT to comment and to meet internally before having a comment resolution meeting; what were you thinking of for schedule?

Don

Subject: Structural Design Criteria- Draft Supplemental A- Bored Tunnel Conceptual Engineering

Hello,

Attached is the comment review form for the subject deliverable. Please use this form for your review.

The transmittal letter that was attached with this document stated comments were due on March 23, 2009

with a comment resolution meeting on March 25, 2009. Please disregard those dates. The due date for comments and the comment resolution meeting date is being re-scheduled.

I will update you on the due date for comments next week.

Thanks,

Rudy Lemus
