**Subject:** RE: Bored Tunnel Contracting Options Schedules: Issues that have Arisen Since Meeting Yesterday

HI there.

I will review the documents and email trail. I am available to chat by phone Thursday afternoon or Friday--

In scheduling the meeting the week of the 27th --can we make schedule that meeting Tuesday. I just made my return reservations and arrive late Monday the 27th in Seattle. Or I'll have to join by phone early monday.

My schedule for the next trip: My plan was to be in Seattle 27th late through the 13th of May. I have been asked to give a presentation at a special symposium at the University of California, Berkeley on may 8th so I now pain to fly to SFO the afternoon of the 7th May returning Sat. the 9th or Sun 10th. Dragados is scheduled to be in on the 13th afternoon then I will take the red eye home on the 13th.

Springs here --Virginia bluebells are peaking this week!!
