Attachments: BoredTunnelDisplay_May09.pdf

Hello,

This is just a reminder to please return your edits on the attached boards today. The boards need to go to the printer by tomorrow morning to be ready for the bike-to-work day event on Friday.

Thank you!

Subject: Festival display- changes to map

Hello,

I am attaching two boards from the festival display that had major changes in the last review. Changes to these boards include:

On the first board:

- Under the section about Alaskan Way, swapped the right graphic for another view of Alaskan Way.

On the second board's map:

- Removed the E Marginal Way Project label because this project is not part of the bored tunnel alternative.
- Added a label which reads "Tunnel south portal" and points to the general location of the portal.
- Added a label which reads "Reconnect the street grid at John, Thomas and Harrison streets"
- Added a label which reads "Tunnel north portal" and points to the general location of the portal.

If you have any additional changes, please return your edits by 4 p.m. today.

Thank you!
