**Subject:** TO Y10393 AD TORF Review

Pam and Brian:

AWV Contracts would like to move forward with new Task Order Y10393 AD – *AWVSRP Preliminary Environmental Studies for Central Tunnel*. Under this TO, CONSULTANT Shannon and Wilson is providing a work scope and funding request for an environmental analysis in support of the 30% design of the AWW Bored Tunnel as part of S&W's geotechnical tunnel support program.

Funding for this TO is anticipated at \$330K (not negotiated yet).

Before moving this Task Order up the Chain-of-Command, I would like to know:

**For the AWW Budget Group – any reason(s) AWW Contracts should not proceed with the request?**

**For the AWW Project Controls Group – any reason(s) AWW Contracts should not proceed with the request?**

I would appreciate your response by **COB Friday April 24, 2009 if not before**. I need to provide this information to Ward and/or Theresa to take to the AWW Program Management Team.

Tom
