Matt & John,

Per my conversation with Matt on Wednesday, and with approvals from Craig and HQ already in hand, UCO HR posted the Assistant PE position today for a 2-week Advertisement.

With Tom's departure from the 519 project approximately 2 months away, and the amount of work scheduled in the near future, both on 519 and the bored tunnel, I feel it's imperative to get moving on this position.

Just wanted to let you know that this was moving along smoothly and quickly.

Dave

Salary is correct.

I will post in the morning.

I am out of town January 24 - February 3. Linda or David will monitor this posting while I am away. They can send you candidates on February 2, or wait until the 4th.

Brian,

Here are my edited comments on the APE position. Please double-check the salary range and then try to post it asap.
