Ron --

Only thing we need to get clarity on, at least from my notes, is the working groups. Jim also would like a schedule for completing reports (see below email). Do you want to cancel this morning's meeting, or go ahead and make it a short one? Chandler would be attending in Powers place.

Thanks,  
Kristy

Emily:

The only things I have are questions about what if anything the RP's need from us right now. Specifically a schedule for completing the report(s) and anything beyond the bored tunnel traffic graphics that Bob Powers asked for. Randy McCourt is working on the latter and hopefully I can forward a draft sometime today. If there is no further direction to us at the moment we probably should cancel the meeting.

Finally, Bennett needs some direction on whether he should fly out for next week's Tri Agency meeting. In fact, will there be a Tri Agency meeting next Tuesday or is that likely to be cancelled as well? It would help me to know now rather than later since I'm holding the slot and would like to let it go for other meetings if the Tri Agency is likely to be cancelled.

Jim

Jim -

Do you have any agenda items for today's RP/IPM? If not, we may just cancel the meeting as the only thing on our end is the Working Groups and they've seen those lists a few times now. Please let me know as soon as you can.
