Sorry for the delay. I would add that the BST team completed the internal review of the 100% PS&E package and I would change the central waterfront bullet to reflect that the team is beginning the scoping and planning process for the bored tunnel. Otherwise it looks fine.

Hi Alec,

Below are the Engineering team's bullets for the January internal newsletter. Please let me know of any corrections, changes or additions by Friday (1/9) at noon. Thank you!

The Engineering Team has the following updates:

- The Battery Street Tunnel team submitted the basis of design for the equipment room.
- The S. Holgate to S. King Street Project team continues to complete the 90 percent PS&E for Stage 2.
- The Transit Enhancements and Other Improvements team opened bidding for the I-5 Travel Time Signs Project.
- The Central Waterfront team held the last Stakeholder Advisory Committee meeting on Dec. 18 and continues to work with the Governor, Mayor and County Executive as they make their recommendation later this month.
