Subject: Added Stakeholder Advisory Committee Briefing - Dec. 16, 2008

Stakeholder Advisory Committee:

Due to the level of interest in a bored tunnel at last night's Stakeholder Advisory Committee meeting, we have scheduled a briefing on **Tuesday, Dec. 16, 2008, from 5:30 to 7:30 p.m. at PSRC - 1011 Western Ave., Suite 500**. Bored tunnel experts representing WSDOT and Cascadia Center will be on-hand to discuss conceptual designs, costs and assumptions. An agenda will be e-mailed on Monday.

We know that this is a last minute addition to the SAC schedule and understand if you cannot attend. Presentations and materials will be available after the briefing.

If you have any questions, please contact Amy Grotefendt at 206-295-9846.

Regards,

Ron Paananen, Deputy Administrator
Urban Corridors Office
Washington State Department of Transportation

Ron Posthuma, Assistant Director
King County Department of Transportation

Robert Powers, Deputy Director
Seattle Department of Transportation
