Importance: High

John, I am asking Jim through this email to find out about Don and then get back to you. Hopefully, he will be able to attend.

I'm off today getting ready to head out for a flight to Sacramento for a graduation ceremony at UC Davis tomorrow. Will talk to you again on Monday.

Thanks.

Harry

Subject: Don Phelps availability

I was wondering if Don is available to be part of a bored tunnel forum next Tues or Wed evening here in Seattle. He would be one of 3 or 4 WSDOT subject matter experts participating in an open discussion forum with other tunnel industry people.

Let me know, need to finalize attendees quickly.

John
