This is a done deal, I will deal with Ralph in the morning when we meet. KPFF will not be doing any further work to assess the bored tunnel, it has left the IPM court.

Matt- It would be better for us to discuss the IPM contract internally first, if possible.

Hi Matt- Do we want to have KPFF review the preliminary plan/profile/section of the large diameter tunnel? I am not comfortable with this unless you or John decide this is what you want to do.

Alec

Hi Alec,

I'd appreciate a copy and electronic file of the plan, profile and sections of the 54 foot single bore tunnel that the WSDOT has developed for the IPM team. I'll be in the office at about 3:00 today so I'll drop by your office then. Thanks,

6/25/2009
